VULCAN MR MULTI-PLY® THERMAL-TEC ROOFING

CAPABILITIES STATEMENT

ABOUT US

Thermal-Tec Roofing is a leading pitched roof restoration and protection solution for commercial and industrial manufacturing facilities in the U.S. A veteran-founded, multi-generational family business - our flagship, MR Multi-Ply® Vulcan Roofing System, delivers non-conductive, durable, high-performance roofing solutions required of critical infrastructure, government, and defense facilities. We are committed to providing a safe, positive, and motivating experience for both our customers and employees. As a result, 68.7% of our clients return for additional work annually.

CORE COMPETENCIES

Commercial Roofing Solution	Specializing in restoring and protecting pitched **metal, transite,** and **fiberglass** roofs.
